EDEN ISLES COMMUNITY UPDATE

Friday / October 14, 2022

1:00pm

Dear Eden Isles residents:

We are pleased to share with you that the main line has been repaired and you should be experiencing an increase in water pressure up to approximately 45-50 psi now. The Boil Water Advisory remains in place, and we anticipate the Lift for Monday. Please check back for updates on this.

We are crediting \$10 to your account to cover the purchase of bottled water, should you choose to do so at this time.

We want to thank you again for your patience during these times when we must resolve unexpected issues that require your cooperation. We understand that this has been an inconvenience and we want to take this opportunity to reiterate our commitment to the Eden Isles residents to continue working to safeguard your community under all conditions.

Sincerely,

Magnolia Water Utility Operating Company
