

Important Information About Your Drinking Water
AUBURN LAKE SUBDIVISION PWS ID: MO6031409
Failure to Meet Stage 2 Disinfectant Byproduct Monitoring Requirements for Drinking Water

Este informe contiene información muy importante sobre su agua potable. tradúzcalo o hable con alguien que lo entienda bien.

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During July 01, 2022 to September 30, 2022, we did not monitor or test as required and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the monitoring required by the system and the monitoring completed by the system.

Required Monitoring	Required Monitoring Frequency	Number of samples taken	When all samples should have been taken
Stage 2 Disinfectant Byproduct	1 per Year	Zero	July 01, 2022, to September 30, 2022

What happened? What is being done?

Confluence Rivers and our operating partners have retrained PWS staff regarding the monitoring requirements and all samples are being taken according to schedule.

For more information, please contact Confluence River UOC at 1-866-945-3920 or by mail at 1630 Des Peres Rd, Suite 140, Des Peres, MO 63131.

Additionally, you may want to contact the Missouri Department of Natural Resources St. Louis Regional Office at 314-416-2960 or the Public Drinking Water Branch at 573-526-6925.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (For example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
