

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER Monitoring Requirements Not Met for PWF FL3424657 Country Walk

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 1st Quarter of 2022 we did not monitor for di-(2-ethylhexyl)-phthalate and therefore cannot be sure of the quality of your drinking water during that time.

Some people who drink water containing specific contaminants could become seriously ill. Health effects language for individual contaminants can be obtained by visiting the EPA website at:

<https://www.ecfr.gov/current/title-40/part-141/appendix-Appendix%20B%20to%20Subpart%20Q%20of%20Part%20141>

### What should I do?

There is nothing you need to do at this time. You do not need to boil your water or use an alternative water supply

The table below lists the contaminant(s) we did not properly collect.

Contaminant	Required sampling frequency	Number of samples taken	When sample should have been taken	When will sample be collected
di-(2-ethylhexyl)-phthalate	Quarterly	0	01/01/2022 – 03/31/2022	By June 29, 2022

### What happened? What is being done to correct the violation?

The Public Water System did not collect a **di-(2-ethylhexyl)-phthalate** sample as required by the Safe Drinking Water Act. The Public Water system has received a monitoring violation for not collecting the required number of di-(2-ethylhexyl)-phthalate samples during the quarterly monitoring period from the approved sample site plan, therefore a violation was given. We are required to complete sampling by the date listed above.

**Corrective Actions:** The water system will collect the 1 required **di-(2-ethylhexyl)-phthalate** sample on **June 29, 2022** and will report results to homeowners as soon as we receive them.

For more information, please contact Florida UOC CUSTOMER SUPPORT at 1-855-476-1942 or [support@cswrfloridauc.com](mailto:support@cswrfloridauc.com).

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartment, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Country Walk ID 3424657.

Date distributed: July 22, 2022
