

Dear Krestwood Estates Customer,

Eagle Ridge UOC, a member of the Central States Water Resources (CSWR) family of companies, is proud to be your community's wastewater service provider since December 9, 2021. Over that time, we have worked closely with state regulatory agencies to ensure we are consistently in full compliance with all regulations by meeting or exceeding standards for service. Across the state of Arkansas, CSWR has invested more than \$5.1 Million into sewer utility infrastructure, significantly increasing the quality and reliability of service for all our customers, and would like to provide you with an overview of the improvements we are making in your community.

**Ongoing and completed projects at Krestwood Estates wastewater facility:**

- Overhauled critical components at the treatment facility, including aeration and disinfection equipment and tankage
- Installation of remote monitoring systems at the treatment facility to detect potential problems before they affect quality or reliability of services

Before – Waste overflow

Before – Vegetation growing in sand filter

After – Upgrades to facility

After – Re-piping and clean up of sand filter

Eagle Ridge seeks to charge fair and reasonable rates to customers. These investments in infrastructure and daily operations will require an increase in the rates for your wastewater service. **Your monthly rate will increase from \$48 per month to \$60 per month.** Customers can expect their bill that will mail in mid-August to contain these new rates.

It is important to us that customers have an opportunity to voice concerns or ask questions. We would like to invite you to a ZOOM conference meeting on Wednesday, July 27<sup>th</sup> 2022 at 6:00pm with senior leadership members of Eagle Ridge. You can join the ZOOM call by using the following link:
