General Instructions: Each row in this worksheet represents one service line connecting the water main to the customer's plumbing. The worksheet includes required and recommended elements; the columns with the aqua shading are required by the LCCR. Systems can customize by adding or deleting columns. Important notes for each column are in Row 12; also see the [Template Instructions](#) worksheet for detailed instructions. Note that users can hover panels to enable them to see the headings and notes when entering data. The worksheet includes examples in rows 11, 20 and is formatted for approximately 20,000 entries.
