Detailed Inventory											
PWS Name: O Haynes											
PWSD: S0850014 Date Last Updated:	9/26/2024										

Purpose of this worksheet: To provide a customizable format water systems can use to track materials for each service line in their distribution system.

General Instructions: Each may in this workheert represents one service line connecting the water main to the customer's planning. The worksheet includes required and recommended elements; the columns with the square shading serrequired by the LCES. Egithmic can consistent by skiding or deferring columns, important seater for each column are in Sear 12, also use the Template instructions worksheet for detailed instructions. Nate their searn can be reason power to enable them to see the Manadage and cortex where energing data. The worksheet colorises except and colorises are consistent of the customer in Search and the Colorises of the Colorises and the Colorises are colorises of the Colorises and the Colorises are colorises are colorises and the Colorises are colorises are colorises are colorises and the Colorises are colorises are colorises are colorises are colorises and the Colorises are colorises ar
