IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for KY0180502 Center Ridge District 3

Our water system violated drinking water requirements over the past year. *We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During* Q3 July – Sept 2025 *we* DID NOT MONITOR/TEST OR DID NOT COMPLETE MONITORING/TEST *for* Disinfection Byproducts *and therefore cannot be sure of the quality of your drinking water during that time.*

WHAT SHOULD YOU DO?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for last year, how often we are supposed to sample for disinfection byproducts, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were taken.

CONTAMINANT	REQUIRED SAMPLING FREQUENCY	NUMBER OF SAMPLES TAKEN	WHEN SAMPLES SHOULD HAVE BEEN TAKEN	WHEN SAMPLES WERE TAKEN
DBPs (Disinfection Byproducts)	1 per year	0	Sept 30, 2025	Dec 15, 2025

WHAT IS BEING DONE?

The required disinfection byproduct (DBP) samples were collected on December 15, 2025, after the September 30, 2025, monitoring deadline. To prevent future monitoring violations, we are reviewing our sampling schedule and implementing additional tracking and reminders to ensure required samples are collected within the designated monitoring periods. We are back in compliance for 2026, and our samples have been taken on time.
